## Middle School Homework

Students in the Middle School have been given their first lot of homework this week. Students are expected to:

- Read for at least ten minutes each night and record their reading on the reading log sheet which is pasted in the back of their homework book.
- Complete a Numeracy Sheet. Students have been given a worksheet (varied to allow for different levels of ability) which has been pasted into their homework book.

Homework will be given out on Mondays and is due back at school on Fridays.
