This year we are once again running the **School Cross Country as a House event**. That means children will represent their House by wearing their House colors and earning points for their House, depending on their placing. If they have a t-shirt or shorts in their House colors that is great but not necessary, a ribbon in their hair or around their arm, socks, whatever little splash their House color is. Remember they do need to run!!

Please come along and support the day or even help out as a Marshall around the course.
