

Level 5/6 Homework Term 4 Week 7 2017

Assigned: Friday 25th November 2017

Due: Thursday 30th November 2017

Reading

Home reading: Don't forget that even though it is Term 4 your nightly reading expectations continue! You should be reading a 'just right' book you have chosen for 20 minutes each night. Keep your book in your bag so that you can read it when you get time in class, or have another book at school to read. Remember to keep a record of the books you have been reading this year in the back of your homework book.

MONEY MATHS

After endless complaints about the contents of your lunch box your mum has decided that you are now in charge of your own lunch making. This includes the management of a small lunch budget, the purchase of items and the making of your own lunch food.

You will need to purchase the items for a school week of lunches (5 days).

Mums rules.

Your lunch box each day must contain:

- A minimum of 2 servings of fruit or veg
- Something wholesome and filling (sandwich/ wrap/ salad etc.)
- No more than 2 types of sugary or processed packet food

You have \$50 to spend but you may not need to spend it all.

You can use grocery catalogues from home or online to complete your shopping list and budget.

COLES <https://shop.coles.com.au>

WOOLWORTHS <https://www.woolworths.com.au/>

IGA <https://www.iga.com.au/>

In your homework book you will need to include:

- Your shopping list
- The name of the store(s) where you shopped
- Names, prices and quantities of items (e.g. Mission wholegrain wraps. Pack of 8. \$5.00)
- Total of your shopping. (Calculate any change you will have)
- A plan for what you will have in your lunch box each day
- Calculate how much GST you have paid on your shopping

Bonus Points Money Maths

What was the **most expensive** item you could find to buy at your Supermarket of choice?

What is the **least expensive** item you could find to buy at your Supermarket of choice?

Remember to include what each item is and how much it cost.
