

<p>INCURSION DETAILS:</p>	<h2 style="text-align: center; color: purple;">The Magic Words</h2> <p>Brainstorm Productions is providing an entertaining, educational theatre experience for our whole school. The production teaches our students to have good values and manners to create respectful relationships, with an aim to help reduce instances of rudeness and bullying at school and foster positive values, respect and dignity. Students will learn about values and respect, manners, resilience, empathy and other positive life skills that will protect them in the future. Senior students will also learn about the impact of peer pressure, telling lies online and the risks of social media.</p>  <p>The production has been planned to coincide with R U OK DAY, an annual day in September dedicated to remind people to ask family, friends and colleagues the question, "R U OK?" in a meaningful way. Something we're never too young to learn is that asking "are you ok?" can make a difference. By giving students the confidence to start conversations regularly and with real care, they can be the generation that transforms the way we look out for those needing help.</p>
