Class Contacts List From the Parent Reps Team

Somerville Rise Primary School now has a Parent Reps Team, comprising of parents who have volunteered to represent your class and help be a voice for the parent community. The team will meet once or twice a term. It is hoped they will help keeps lines of communication open between home and school. Furthermore the team will help draw upon the different strengths, abilities, interests and talents within the school community to help with tasks that come up throughout the year.

Our Parents Reps Team are creating a class contacts list for all students who would like their information to be shared with other class members. This would help with organising play dates, sleepovers, birthday invitations, etc. Once compiled, this list will distributed to all students before the end of Term 1, to help maintain budding friendships over the holidays.

Would you like to be on a class contacts list? If so, please add your details below.

Furthermore, if you would like to become involved in the Parent Reps Team, offer some assistance or create an opportunity to get to know other parents/grandparents over a social coffee, please let your class teacher or parent rep know. The more the merrier!
