

L.O.T.E Indonesian

Simulated Market Experience

Dear Parents,

As part of the new L.O.T.E Indonesian program the grade five and six students will be simulating an Indonesian market experience for our junior school students on **Tuesday 6th June.**

This tuning in experience will introduce our junior students to the L.O.T.E Indonesian program and engage them further in the Indonesian language and cultural program.

As part of this experience students will pretend to fly to Bali as a role play using pretend passports. Students will arrive in Bali with supplied spending money from Indonesia. At the Indonesian market students will be able to buy various souvenirs such as flags, a Garuda, necklaces, bracelets and have their photo taken in costumes. Students will also have the opportunity to get a massage, have their hair braided and get their nails painted.

If you have any concerns or if our child has allergies to nail polish please contact your class teacher.

We would also like to invite parents to attend this session with their child as this is sure to be an exciting event for all involved.
