Somerville Rise Primary School Water Safety Program-2018
Grades Foundation - 2

Dear Parents/Guardians

The Junior School Water Safety program will be conducted from 12th – 16th of November this year. Students will be attending a five day intensive water safety program at the Y.M.C.A. Somerville Centre.

This is an indoor pool and is the perfect way to revise and extend students' water safety awareness before Summer begins. The lessons will be taken by qualified instructors and be based on the Royal Life Saving Society's Aquasafe Program, focusing on teaching students to be safe in the water.

The children will travel by bus to and from the Y.M.C.A. Somerville Centre.

The cost of the five day program is \$65, which includes transport, pool entry, swim cap and instruction.

As we need to confirm our booking at the pool it is imperative that the reply slip is returned to school by **Thursday 25th of October 2018**. If you wish your child to participate in this year's Water Safety Program it should be sent together with a **\$20 deposit**. The balance of the monies will need to be paid by **Friday 9th November 2018**.

Thank You,

Brenton Patterson and the Junior School Team

**SOMERVILLE RISE PRIMARY SCHOOL
